Efraim Grinberg, President and Chief Executive Officer, commented, "The results we have achieved stem from remaining true to our vision; building brands with a commitment to long term success. Movado, Ebel, Concord, ESQ, Coach, and Tommy Hilfiger Watches - are marked by exceptional quality and each possesses a distinct brand image in the marketplace. We consistently support our brands with compelling marketing and advertising support, while challenging our organization to keep our brands fresh through an ongoing process of reinvention and product innovation."

"Continued investment behind our brands and businesses demonstrates our commitment toward building long-term shareholder value. We are on-track with our strategy of rebuilding Ebel into a global luxury brand and we are very

encouraged with our progress. Our Movado Boutiques now operate in 27 locations nationwide and we continue to develop and strengthen this business as we move toward converting our investment into a profitable operation. Finally, our team is preparing for the exciting launch of a new Hugo Boss watch collection in March of 2006."

Rick Cote, Executive Vice President and Chief Operating Officer, stated, "We are very pleased with the results we delivered during the first half of the year, which reflects the success of our brand and business investments, new product offerings and enhanced productivity. Fiscal 2006 is a year where we have made a strategic decision to invest significantly behind our brands and businesses as we position our company for accelerated growth. Consistent with our strategy, we continue to expect earnings growth to outpace sales growth."

Movado Group now anticipates fiscal 2006 net sales to grow approximately 14% from last year and fully diluted earnings per share for the full year to be at the upper-end of the Company's previously stated range of \$1.18 to \$1.24. Included in this guidance is an expected \$0.05 per diluted share expense related to equity compensation of restricted stock. This guidance excludes any potential impact associated with the American Jobs Creation Act, which the Company continues to evaluate. To the extent that Movado Group repatriates any international earnings, the Company would incur a one time income tax charge.

The Company's management will host a conference call today, September 8th at 10:00 a.m. Eastern Time. A live broadcast of the call will be available on the Company's website: [www.movadogroup.com](http://www.movadogroup.com). This call will be archived online within one hour of the completion of the conference call.
