PROXY STATEMENT

INFORMATION CONCERNING THE SOLICITATION

This proxy statement and the accompanying proxy are being furnished to the shareholders of Movado Group, Inc. (the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company to be used for voting at the Annual Meeting of Shareholders (the "Annual Meeting") to be held on Tuesday, June 18, 2002 at 10:00 a.m., Eastern Daylight Time, at the Company's executive offices located at 650 From Road, Paramus, New Jersey and at any adjournments thereof. It is expected that this proxy statement and the form of proxy will first be sent to shareholders on or about May 29, 2002.

At the Annual Meeting, the holders of the Company's Common Stock and Class A Common Stock (together the "Capital Stock") will be asked to consider and vote upon the following proposals:

1. To elect seven directors to serve until the next annual meeting and until their successors are elected and qualified;
2. To ratify the selection of PricewaterhouseCoopers LLP as the Company's independent accountants for the fiscal year ending January 31, 2003; and
3. To transact such other business as may properly come before the Annual Meeting or any postponement or adjournment thereof.

The Board of Directors knows of no other business to be presented at the Annual Meeting. If any other business is properly presented, the persons named in the enclosed proxy will have the power to vote all proxies received, and not theretofore revoked, in accordance with the recommendations of the Board of Directors. If the enclosed proxy is properly executed, returned to the Company in time for the Annual Meeting and not revoked, your shares will be voted in accordance with the instructions contained thereon. Where a signed proxy is returned, but no specific instructions are indicated, your shares will be voted FOR the nominees for Directors identified below; and FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent accountants for fiscal year 2003.

Abstentions will be treated as present for purposes of determining a quorum for the Annual Meeting. Proxies returned by brokers as "non-votes" will not be treated as present for purposes of determining the presence of a quorum.

Any shareholder who executes and returns a proxy may revoke it in writing at any time before it is voted at the Annual Meeting by: (i) filing with the Secretary of the Company, at the above address, written notice of such revocation bearing a later date than the proxy or a subsequent proxy relating to the same shares or (ii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy).

The solicitation of proxies in the enclosed form is made on behalf of the Board of Directors. The entire cost of soliciting these proxies will be borne by the Company. In addition to use of the mails, proxies may be solicited personally or by telephone by officers, directors and employees of the Company, who will receive no additional compensation for such activities. Arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of shares held of record by such persons, who will be reimbursed for their reasonable expenses incurred in such connection.

The Audit Committee also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communications with Audit Committees) and, with and without management present, discussed and reviewed the results of PricewaterhouseCoopers' examination of the Company's financial statements.

PROPOSAL 2 - RATIFICATION OF APPOINTMENT OF ACCOUNTANTS

The Board of Directors has appointed PricewaterhouseCoopers LLP to be the Company's independent accountants for the year ending January 31, 2003, subject to ratification of such appointment by the Company's shareholders. PricewaterhouseCoopers LLP has served as the Company's independent accountants since fiscal year 1977. If the appointment of PricewaterhouseCoopers LLP is not approved by the shareholders, or PricewaterhouseCoopers LLP ceases to act as the Company's independent accountants, or the Board of Directors removes PricewaterhouseCoopers LLP as the Company's independent accountants, the Board will appoint other independent accountants subject to shareholder ratification.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. Such representatives will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions. THE BOARD RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR SUCH RATIFICATION. PROXIES SOLICITED BY THE BOARD WILL BE SO VOTED UNLESS SHAREHOLDERS SPECIFY IN THEIR PROXIES A CONTRARY CHOICE.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the federal securities laws, the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities (the "10% Stockholders"), are required to file reports of ownership and changes of ownership with the Securities and Exchange Commission. Executive officers, directors and 10% Stockholders of the Company are required by law to furnish the Company with copies of all forms so filed. Based solely on review of copies of such forms received or written representations that no other reports were required, the Company believes that, during the last fiscal year, its executive officers, directors and 10% Stockholders timely complied with all such filing requirements applicable to them with respect to their beneficial ownership of Capital Stock except that a Form 3 which was filed by Mr. Karpovich on March 12, 2002 should have been filed within ten days after October 22, 2001, the date he was appointed Chief Financial Officer.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has an agreement with Mr. Cote that provides for the continuation of his then applicable annual base salary paid bi-weekly for 24 months following Mr. Cote's termination of employment within two years after a change in control (defined as the acquisition by a person or group of more than 50% of the combined aggregate voting power represented by the Company's then outstanding shares; or certain mergers and asset sales; or a liquidation or dissolution), except that nothing is due if his termination is because of his death, disability or for cause.

In fiscal 1996, the Company entered into an agreement with a trust which owns an insurance policy issued on the lives of the Gedalio Grinberg and his spouse. The insurance policy provides for a death benefit of \$27 million. The trustees of the trust are the three children of Mr. G. Grinberg and his spouse, namely, Efraim Grinberg, Alexander Grinberg, and Miriam Phalen. Under the agreement, the trust has assigned the insurance policy to the Company as collateral to secure repayment by the trust of interest free loans to be made annually by the Company to the trust in amounts sufficient for the trust to pay the premiums on the insurance policy (approximately \$740,000 per annum). Under the agreement, the trust will repay the loans from the death benefit proceeds of the policy. At January 31, 2002 the Company had loaned the trust \$4,583,616 under this agreement.

See "Compensation Committee Interlocks and Insider Participation" for information regarding certain business relationships between the Company and Mr. Silverstein's law firm.

Grinberg: 53.62 shares, \$1,000; Mr. E. Grinberg: 1,667.82 shares, \$29,520; Mr. Cote: 15,753.36 shares, \$278,834; Mr. Karpovich: 182.87 shares, \$3237; and Mr. Michno: 247.27 shares, \$4,377. All of such shares are phantom stock units ("Stock Units") granted under the Company's Deferred Compensation Plan for Executives ("Deferred Compensation Plan") except for an award of 15,000 shares granted on January 17, 2000 to Mr. Cote under the Company's 1996 Stock Incentive Plan which vests on the third anniversary of the grant date ("Share Award"). The Stock Units vest 20% at the end of each calendar year beginning in the calendar year in which awarded, except that for participants 65 years or older, vesting is 100% at the end of the calendar year in which awarded. Mr. G. Grinberg, who is the only Named Executive Officer 65 years or older, was awarded 53.62 Stock Units in January 2002. Mr. E. Grinberg was awarded 515.29, 945.94 and 907.56 Stock Units in calendar years 1999, 2000 and 2001 respectively, and 61.87 Stock Units in January 2002. Mr. Michno was awarded 82.52, 169.95 and 120.20 Stock Units in calendar years 1999, 2000 and 2002 respectively, and zero Stock Units in January 2002. No dividends accrue in respect of the Stock Units or the Share Award. In addition, Mr. Cote and Mr. Karpovich elected to receive restricted stock in lieu of 20% of the cash bonus that otherwise would have been paid to them, amounting to 1,614 shares for Mr. Cote and 538 shares for Mr. Karpovich, valued on the March 29, 2002 grant date at \$34,500 and \$11,500, respectively. These shares are nontransferable before April 15, 2003. Dividends are payable on the 538 shares granted to Mr. Karpovich. No dividends are payable on the shares granted to Mr. Cote because of his prior election under the Deferred Compensation Plan to defer 100% of his fiscal 2002 bonus, in accordance with which 1,614 phantom share units, equal to the number of shares that otherwise would have been issued to him, were, instead, credited to his Deferred Compensation Plan account.

- (2) All the options granted to Mr. E. Grinberg and Mr. Cote in fiscal 2002 were granted March, 16 2001 subject to shareholder approval of amendments to the Company's 1996 Stock Incentive Plan, which were approved at the 2001 annual meeting. The exercise price for one quarter of those options was set at the market price for the Common Stock on the grant date with the balance of those options exercisable at prices between 20% and 50% more than the grant date market price. The options vest in one third increments on each of the first three anniversaries of the grant date and represent the total expected to be granted to them through fiscal 2006.

Also includes \$29,875 in total annual premiums paid in respect of certain life insurance policies purchased for Mr. E. Grinberg by the Company. Under his arrangement with the Company, Mr. E. Grinberg is entitled to the cash surrender value in respect of certain of these life insurance policies and his beneficiary is entitled to the applicable benefit without, in either event, reimbursement to the Company of any premiums paid by the Company under such policies.
- (4) Includes \$231,543 in total annual premiums paid in respect of certain life insurance policies and one travel accident policy purchased for Mr. G. Grinberg by the Company. Under his arrangement with the Company, Mr. G. ## CONTRACT WITH CHAIRMAN

Under a Death and Disability Benefit Plan Agreement with Mr. G. Grinberg, dated September 23, 1994, in the event of Mr. Grinberg's death or disability while employed by the Company, the Company will pay to his spouse, if she is then living, an annual benefit equal to \$344,605 (increased October 1 each year by an amount equal to two percent of the benefit that would have been payable in the prior year). Benefits are payable for the lesser of 10 years or the life of Mr. Grinberg's spouse, and are payable only from the general assets of the Company. Neither Mr. Grinberg nor his spouse may assign the Agreement or any of the benefits payable thereunder and none of the benefits are payable to the estates or any of the heirs of Mr. Grinberg or his spouse.

The Agreement provides that it automatically terminates in the event of the termination of Mr. Grinberg's employment with the Company for any reason other than his death or disability and further provides that it is not to be considered a contract of employment. For purposes of the Agreement "disability" means the inability of Mr. Grinberg to perform the duties pertaining to his job because of accident, sickness or other illness as determined by a majority of disinterested directors.

## COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Company's Compensation Committee was at all times during fiscal year 2002 comprised entirely of Directors who at no time were executive officers or employees of the Company. The Compensation Committee for fiscal year 2002 consisted of Margaret Hayes Adame, Alan H. Howard, Donald Oresman and Leonard L. Silverstein. Mr. Silverstein is a partner at the law firm of Silverstein & Mullens, a division of Buchanan & Ingersoll, P.C. That firm rendered legal services to the Company during fiscal 2002. No executive officer of the Company has ever served as a member of the board of directors or compensation committee of any company whose executive officers include a member of the Board of Directors or the Compensation Committee.

(1) The grant date present values set forth in the foregoing table were arrived at using the Black-Scholes option pricing model based on the following assumptions: volatility of 50% based on weekly closing prices of the underlying Common Stock for the period ending January 31, 2002; a risk free rate of return equal to 4.81% based on the yield on a U.S. Government Zero Coupon Bond with a maturity equal to the expected term of the option prior to exercise (i.e. 7 years); a dividend yield of 0.71%; and a grant date of March 16, 2001. This schedule does not take into account provisions of the options providing for termination of the option following termination of employment, nontransferability or vesting over a period of three years. The dollar amounts under this column are the result of calculations using a certain option pricing model based on the foregoing assumptions and, therefore, are not intended to forecast possible future appreciation, if any, of the Company's Common Stock price.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR, AND FISCAL YEAR-END OPTION VALUES The following table sets forth information concerning exercises of stock options by the Named Executive Officers during the last fiscal year and the fiscal year-end value of shares of Common Stock represented by unexercised stock options held by each of the Named Executive Officers as of January 31, 2002.

#### COMPENSATION COMMITTEE REPORT

##### General

The Compensation Committee of the Board of Directors (the "Committee") is responsible for reviewing and approving the Company's compensation policies affecting senior management, reviewing significant employee benefit programs and reviewing and administering the Company's 1996 Stock Incentive Plan. The Committee is comprised of Ms. Margaret Hayes Adame, Mr. Donald Oresman, Mr. Leonard L. Silverstein and Mr. Alan H. Howard, all of whom are non-employee members of the Board.

The compensation policies established by the Company and which were in effect during fiscal year 2002 are designed to enable the Company to attract, retain, motivate and appropriately reward a group of highly qualified individuals who are expected to contribute to the Company's continued success. The three primary components of executive compensation are salary, cash bonuses and stock based awards, including stock options and, to a lesser extent, stock grants. The Committee reviews each component of executive compensation on an annual basis.

To assist the Committee in its evaluation and approval of the Company's compensation policies for fiscal 2002, the Committee analyzed historic compensation data relative to the Company's executive and mid-level management and reviewed reports prepared by two separate recognized compensation consulting firms. Those reports compared the Company's stock incentive plan with similar plans that have been adopted by other publicly traded companies engaged in comparable businesses or that are of comparable size. The Committee believes that the relevant market for executive and management level talent includes not only those companies comprising its Industry Peer Group but also other companies engaged in other business activities in other industries.

##### Base Salaries

Base salary levels for members of the Company's senior management team are reviewed by the Committee in light of the Committee's assessment of the responsibilities relative to the position under consideration, as well as each individual's background, training, experience and by reference to the competitive marketplace for comparable talent. Annual increases in base salary levels, if warranted, are reviewed with reference to the executive officer's performance and the performance of the Company as a whole. Executive performance is evaluated by the Committee by reference to the extent to which specific individual and departmental goals and objectives are met. These goals and objectives vary from department to department and, within any single department, from individual to individual. Corporate performance is measured by the Committee by reference to the Company's achievement of pre-tax profit goals and other financial performance targets set at the beginning of the fiscal year.

## Cash Bonuses

Cash bonuses, the second key component of executive compensation, are intended to provide incentives to senior management in the short term to achieve certain operating results, which are generally determined at the beginning of the fiscal year and, typically, tied to net income results. By thus placing a significant percentage of each executive officer's compensation at risk, this approach creates a direct incentive for executive officers to achieve desired performance goals. Certain mid-level managers are also eligible to receive bonuses, which are used as an additional, incentive-based element of compensation dependent on corporate performance and individual merit.

Considering the difficult economic environment during fiscal 2002 which worsened after September 11 and the Company's overall results that were achieved despite the adverse conditions, the Committee authorized funding of the bonus pool at a 50% level for the fiscal year and the payment of individual bonus amounts in line with the achievement of those corporate results. Individual bonus amounts were also determined by reference to subjective criteria and the extent to which individual performance objectives were achieved.

## Equity Based Plans

Equity participation is the third key element of the Company's executive compensation program and is afforded to executive officers and certain employees primarily through stock options and/or other stock based awards granted under the Company's 1996 Stock Incentive Plan (the "Incentive Plan"). In addition to the Incentive Plan, equity participation is also afforded to executives and certain key employees who participate in the Company's Deferred Compensation Plan as well as to all other employees, not eligible to participate in the Deferred Compensation Plan through the Company's Employee Stock Bonus Plan, adopted in fiscal 1999 ("Stock Bonus Plan").

Options, and to a lesser extent stock awards, have been awarded under the Incentive Plan on the basis of the position held by the grantee, contributions already made by the person meriting recognition and, more importantly, the Company's expectations of the contribution the person will make over the long term to the Company's growth. All options granted under the Incentive Plan have an exercise price equal to or greater than the market value of the stock on the date of grant, generally vest yearly over three or five years and expire ten years from the date of grant. In addition, more than 98% of all shares of Common Stock granted under the Incentive Plan are, in each case, subject to vesting requirements. Thus, option and stock grants are designed to retain executive officers and enhance shareholder value by aligning the financial interests of each executive officer or other key employee with the interests of the Company's shareholders over the long term.

Under the Deferred Compensation Plan, participants' salary deferrals, up to either five or ten percent of base salary, are fully matched by the Company. Eighty percent of the match is in the form of cash and twenty percent is in the form of rights to Common Stock representing the number of shares (including fractional shares) of Common Stock that such twenty percent portion of the matching contribution could purchase based on the closing price of the Common Stock at the end of the month in which the contribution is made. Vesting in Company matching contributions is 20% per year. Distributions are made beginning in January following termination of the participant's employment and are in ten annual installments unless the Company determines to make them in a lump sum.

Under the terms of the Stock Bonus Plan, the Company determines after the end of each fiscal year whether to contribute a discretionary amount towards the plan and if so how much. For fiscal 2002 the Company recorded an expense of \$118,600 for this plan. Each participant vests in 100% of their pro-rata portion (based on salary) of such contribution after five years or upon attaining retirement age if sooner. All distributions to plan participants are in the form of shares of Common Stock of the Company, with cash payments for any fractional share amounts.

## COMPENSATION OF CHIEF EXECUTIVE OFFICER FOR FISCAL 2002

The compensation paid to the Company's Chief Executive Officer ("CEO") in fiscal 2002 consisted primarily of salary and bonus.

The CEO's salary for fiscal 2002 was approved by the Committee on the basis of its subjective evaluation of the CEO's performance for the year.

The bonus paid to the CEO for fiscal 2002 was approved by the Committee based upon its assessment of the CEO's individual performance and the profitable performance of the Company notwithstanding the challenging

economic circumstances that persisted throughout the fiscal year. The performance measures used by the Committee in making its determination were, primarily, continued positive cash flow, reduction of operating expenses, maintenance of strong gross margin and achievement of significant sales and net income results. In addition to the foregoing financial results, the Committee also took into account in determining the CEO's bonus, the achievement of certain strategic goals, including the expansion of the Company's Movado Boutiques, the introduction of significant new product designs and the continued development of the Company's brands.

#### POLICY REGARDING DEDUCTIBILITY OF COMPENSATION

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to the CEO and the four other most highly compensated executive officers of the Company. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The Company's 2001 Executive Performance Plan which was adopted in fiscal 2002 is structured such that annual incentive bonuses and long-term equity-based compensation paid thereunder for the Company's most senior executives should constitute qualifying performance-based compensation under Section 162(m). However, the Compensation Committee recognizes that unanticipated future events, such as a change of control of the Company or a change in executive personnel, could result in a disallowance of compensation deduction under Section 162(m). Moreover, the Compensation Committee may from time to time award compensation that is non-deductible under Section 162(m) when in the exercise of the Compensation Committee's business judgment such award would be in the best interest of the Company.
